Thank you much for your reply; this will work fine to us. Surely, we will not take more than thirty minutes of your time for our presentation.

See you on the 19th, at 03:00 PM.

Kevin

	Subject	Presentation

Dear João Carlos,

I am the agent of a fund management company headquartered in Washington D.C. (with offices in Houston, London, and Sydney), which is a strong investor in the international power industry. I lived 13 years in Brazil when I was younger, and also worked in a New York bank, in addition to ten years working for the Inter-American Development Bank before joining TCW. In my time at Mantrust, in the 1980s, we had the biggest credit facility for oil import from Bank of America with Petrobras (different times!).

I'm writing this to you because I'm taking a trip to Rio de Janeiro on October 18 and 19, along with a colleague, and would like to know if scheduling a meeting for our presentation is possible, in addition to understand a little better if there are any opportunities for us to work in concert in major investments in which Petrobras is engaging.

Thank you much for your attention, I am looking forward to receiving your reply.

Sincerely, Kevin
